Dear Dr. Peoples:

We have limited our review of your registration statement to those issues we have addressed in our comment.

Please respond to this letter by amending your registration statement and providing the requested information. If you do not believe our comment applies to your facts and circumstances or do not believe an amendment is appropriate, please tell us why in your response.

After reviewing any amendment to your registration statement and the information you provide in response to this comment, we may have additional comments.

Underwriting, page 54

Over-allotment Option, page 56

1. We note your disclosure in this section and on the prospectus cover page that the underwriters have the option to purchase additional shares of common stock and/or warrants to purchase shares of common stock, as opposed to simply purchasing additional Units. Please revise your disclosure to explain under what circumstances the underwriters would decide to make such purchases and how such purchases of common stock and/or warrants would be priced. In addition, please tell us how the over-allotment option comports with the offering of Class A Units and Class B Units being registered on the registration statement.
